PUBLISHED WEEKLY IN CANAL POINT, BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

I've had Bill Bosworth of the Florida Pictorial Service in Pahokee busy for the past week taking pictures of Lake Area business men and women. From week to week I'm going to run one of these pictures in The Everglades News under the title, "This Week's Personality." After looking over the batch of pictures that Bill made for me, I'm of the opinion that he is an excellent photographer. You'll agree with me as the pictures are published.

Back yonder many years ago Clarence Bailey had an idea about a state market in Pahokee. At that time he was running the green front grocery. He interested W. L. Kerr and A. Kaltenbrunner and a few months later—John Dulaney. The ball was kept rolling and the market became a realization. Years later, he had another idea—that of a county-wide chamber of commerce and the present Resources Development Board is an outgrowth of that idea. Now, Clarence has another idea—that of a railroad from Belle Glade to a deep water seaport—either Fort Lauderdale or Miami. Men with ideas and the will to work to bring those ideas into reality make a country grow. Who knows, maybe Clarence's idea of a railroad from Belle Glade to a deep water seaport may materialize. It does, it will be a distinct asset to the Lake region. A pat on the back now and then helps to spur a fellow on in his efforts to make his home community a better place in which to live. So, I say, go to it, Clarence.

Commenting on the united front presented by those who asked the State Road department for a new road between Pahokee and Belle Glade, the November issue of "Resources Development Board News," published in West Palm Beach, had the following to say: "President deMoya appeared at the West Palm Beach meeting of the State Road Department, representing the Belle Glade-Pahokee joint committee, urging priority for a new road between these two communities. Led by Commissioner Paul Rardin and the County Commission and backed by Mr. deMoya and his committee in perfect harmony, this eloquent and united group persuaded the State Road department to give number one priority to a road which for years has been a matter of controversy. Our hats are off to Paul Rardin, the County Commission, and thanks to the State Road Department."

ORDINANCE OF BAPTISM

Sunday afternoon at four o'clock, the ordinance of baptism will be administered at the Canal Point Baptist Church, by the Rev. C. A. Moberg of Pahokee. The public is cordially invited.

Alice Joyce Wilson, small daughter of Mr. and Mrs. James H. Wilson, has returned to her home here from West Palm Beach where she was a patient at Good Samaritan Hospital.

Large Shipment Of Cattle Arrives

The largest shipment of cattle ever to arrive in this section of the Glades, was unloaded at the Canal Point Florida East Coast freight yard Monday, by the Herman Sausage Co.

The 625 cattle, all feeders, filled 17 railroad cars and came from Mitchell, Ala. They were transported in trailer trucks to the Herman ranch, on Connors Highway, 10 miles east of Canal Point, where they will be fattened for the market next spring, according to Ray Raulerson, ranch foreman.

Council Accepts Power Company Plan

At a meeting of the Pahokee city council Tuesday, members voted to accept the electric rate offered by P. P. deMoya, manager of the local Florida Power and Light Company, for the operation of the City Waterworks plant. The plant which has formerly been operated with power from a Diesel engine will be switched to the electric current.

J. E. Sullinger was named as maintenance man for the city police radio system, and X. L. Garrison, assistant athletic coach for the Pahokee High school, was named as city recreational director.

Councilmen I. M. Lair and F. M. Shaughnessy and W. P. Walker, city clerk, were named on a committee to confer with a tax specialist in working out city tax assessments for next year.

The application of W. Fears to repair the property on Main st. which he recently purchased for a furniture store, was tabled for further consideration because of the deterioration of the building.

Instructors Resign At Pahokee School

Principi D. D. Caudill announces the following changes in the teaching staff and personnel at Pahokee Schools:

Mrs. Arch Blakey has been appointed second grade teacher at the Elementary School, replacing Mrs. Myrtle Johnson who recently resigned.

Mrs. G. W. Byrd, Sr., has tendered her resignation as manager of the school cafeteria, effective at the end of the Christmas holiday period. Her position will be filled by Mrs. Ralph Stanley.

Miss Mary Ann Major has resigned as junior high English and mathematics instructor, effective Friday. Her position is yet to be filled, Mr. Caudill said Wednesday.

New Officers Named For North Glades Dist

New officers have been chosen for the North Glades District council of Boy Scouts. O. R. Blech was named chairman, Jess Elliott was chosen as vice chairman and A. J. Lively was named committeeman. Members of the council are: Frank Roselle and Albert Fremd. Neighborhood commissioners are Rev. C. T. Howes and Dow Geiger.

Large Audience Hears Quartet

One of the largest audiences, probably the largest in the history of the Pahokee High School auditorium program of activities, was in attendance Tuesday night to hear the concert presented by the Sunny South Quartet of Tampa radio fame.

J. D. Summer, bass soloist extraordinary delighted the hearers with his renditions of a "low down" ability. Solos by the others were of a high order. The skit by the group with "Cousin Horace" and Quentin Hicks as "Sadie" was received with much enthusiasm.

Pianist Hicks assisted by Joe Thomas presented a piano duet that called for an encore. With hats and mustaches reminiscent of the days of yore, the quartet's "Barber Shop Harmonizing" of "I Want a Girl" and "Put on your old gray bonnet" completed the program of good variety, sending the overflow crowd home glad it came. The P. T. A. was in charge. Rev. C. A. Moberg, chairman.

Farmers Replant Green Bean Crop

Farmers in the Lake Okechobee vegetable growing area were merely halted momentarily by the late October flooding rain which destroyed or heavily damaged thousands of acres of maturing snap beans.

During the last week they were busy in the field salvaging as much of their crops as possible and replanting on warm land.

Harold Rabin, Belle Glade broker, estimates that 5,000 acres have been replanted to fall beans in the lake area which will furnish a late fall crop.

Rabin loaded five cars of snap beans out of the Glades last week and anticipates a fair market this week. Prices, he said, range from \$2.25 to \$4.50 per hamper for snap beans, depending on variety and quality. Prices to the cannery in bulk range from \$1.50 to \$2.25 at the moment.

Surplus Property Sale Is Announced

Clarence S. Jones, head of the local Veterans Service office, announces a government surplus property sale of nearly 2,500 military-type motor vehicles, including 263 passenger cars. Certified veterans of World War II will have first chance in the five-day sale of these vehicles which starts on Nov. 19 at the War Assets Administration warehouse in East Point, Ga. Veterans interested in this sale may inspect these vehicles at the Atlanta Ordnance Depot, Conley, Ga., between the hours of 8:30 a. m. and 4 p. m., Nov. 12-18.

The Misses Ruby Jane and Virginia McClure returned recently from a trip to Cuba. Upon their return Ruby Jane attended the dentists convention in the Pennsylvania Hotel, West Palm Beach and Virginia went to Jacksonville where she is employed as nutritionist for the State Board of Health.

Weekly Picture Of Lake Area Individual

Beginning this week The Everglades News will publish each week a picture of one of the leading business men and women in the Lake Region. Along with the picture will go a thumb-nail sketch of the individual's career in this vast farming area. The first picture to be published is that of Frank Shaughnessy. His picture was chosen this week for no reason at all, other than it happened to be on top of the pile when the photographer brought them to us.

Majority Of Board Votes In Favor Of FEC Road To Glades

The County Commission Tuesday endorsed application of the FEC Railroad to build a line to the new sugar mill at Okeelanta and will notify the ICC of its action.

The ACL Railroad, which asked the commission last week for endorsement of its application, was not represented at the session.

All commissioners voted for the resolution except Paul Rardin, Canal Point, who did not vote because he said that he had "not been sufficiently advised" of the ACL's application.

C. Y. Byrd, Delray Beach commissioner, in moving the endorsement of FEC, said four members in an informal session after their last meeting had agreed to support the FEC proposal because of its pioneering and investment in the county, which factors outweighed the ACL's opening of more new territory in the Everglades.

W. D. Brunson, FEC division freight agent, told the board that the ICC would hold its hearing on the proposed lines here Dec. 4.

The Okeelanta Growers and Processors Cooperative mill, which is to be served by the new railroad, is in the final stages of construction.

Crossing Lights Are Up At South Bay

SOUTH BAY—Railroad crossing automatic warning electric lights were installed on the crossing of State Road 25 over the Florida East Coast Railway at South Bay this week.

A special crew out of Ft. Pierce made the installation, bringing their own service car and living quarters and remaining on the job until the lights were turned on.

Eight high power red blinker lights were installed, four visible from either side a distance of more than half a mile, thus giving the motorist ample warning of danger before reaching the crossing which has been termed a "blind crossing" due to the fact that a clear view of the tracks was shut off by buildings adjacent to the track.

A number of accidents with several fatalities have occurred at this crossing in the past and County Commissioner Paul Rardin was instrumental in having the lights installed as a highway safety measure.

LEGION TO MEET

A meeting of Fred and Percy Mansfield Post 90 will be held in the Woman's Club building on Monday, Nov. 18, at 8 p. m.

Blue Devils Meet Lake Worth Trojan Gridders Tonight

The Pahokee Blue Devils, still undefeated and going strong as the season nears the end, will make their eighth bid for victory when they meet the Trojans of Lake Worth on Lair Field tonight at 8:15.

The Trojans, dubbed the hard luck team of the season, tied Fort Pierce earlier in the season but has yet to win its first victory. In their game with Vero Beach, leader of the Indian River Conference, last week the Trojans outshined the Vero eleven but the breaks were against them and they dropped the contest, 13 to 0. For tonight's contest, the Lake Worth coach, E. R. Goodell, has switched Dewey Tompkin from half to quarterback position and reshuffled his starting line. Coach Clyde Alley has pointed out to his Blue Devils that the Trojans are potentially a powerful team and can easily cause an upset tonight if they ever get their plays to clicking.

The Blue Devils had little trouble running through the Stuart Tigers to the tune of 32 to 0 on Thursday evening of last week. Star of the game was Halfback Frank Gillis, ace defensive back, who started the scoring spree in the first quarter with a 50-yard run through right tackle and ended the scoring in the third quarter when he intercepted a Stuart pass on the Pahokee 30 and ran 70 yards for a touchdown. Rodney Connell, the Blue Devil scat back, also made two touchdowns, one in the second period when he sprinted 24 yards around left end and the other in the third quarter when he took the ball from Quarterback Wilbur Geiger on a reverse play and sailed through left guard for a 65-yard run to pay dirt. The other touchdown was made by Fullback Thomas A. Dickson who went through center from the 3 following a 51-yard march down field by the Blue Devils. The two-point safety was made when a Stuart punt was blocked by John Ogle and the ball bounced into the Tiger's end zone. When it came to kicking the extra points however, the wet ball wouldn't behave and

Homecoming Day Final Plans Made

Final preparations have been made for the big Homecoming Day at the Pahokee Methodist Church this coming Sunday.

In the afternoon at 3 o'clock a special program will be held in which the newly organized church orchestra will give its first public performance, out-of-town visitors will be called upon for brief talks and O. New Ration

Army public relations is beamingly issuing an announcement from the quartermaster corps which joyfully tells of a new five-in-one ration. This information is passed along for the benefit of the fellows who used to eat such delicacies as C and K rations—who used to stuff themselves on those delicious dehydrated potatoes and carrots and things like that. Here's what the publicity release says, and it may make some ex-G's so hungry they'll hasten to sign up for service again:

Intended to provide sufficient food for five men for one day, the ration, which contains from 3,566 to 4,56 calories depending on the menu, has been shown by tests to be adequate nutritionally, and stable under divergent climatic conditions. Arctic testing for stability is planned this winter. With its wide variety in menus the five-in-one ration has proved to be highly acceptable to men in combat and field situations. Weighing 25 pounds when packaged, it may be parachuted or air-dropped with a minimum of damage to the contents.

The rations are so packaged that they may be readily made up into five-breakfasts, dinners and suppers. Many variations of menus may be made by agreement of the men participating in group feeding. Meat items include beef and gravy, bacon, frankfurters, pork sausage links, hamburgers, pork and gravy, roast beef, spaghetti and meat balls, ham and eggs, salmon or tuna, and ham and sweet potatoes.

There were no fruits in former rations. The new one has fruit cocktail, peaches, apricots and sliced pineapple. Canned bread has been substituted for biscuits, fruit crystals have given way to coffee, and cocoa is furnished in liberal quantities.

Desserts in the new ration include fig pudding, steamed fruit cake, pineapple, rice pudding. Cigarettes have been increased from 10 to 20 per man per day. The canned soups provided are considered highly palatable as are also the canned vegetables such as sweet potatoes, corn, lima beans, tomatoes and snap beans.

The new ration, as the old, contains can openers, sponges for washing purposes, toilet paper, towels, soap, heat tablets and halazone tablets for purifying drinking water. Luxury items such as candies, chewing gum and accessories are increased.—Panama City News-Herald.

Roy Acuff Comes To Pahokee Wed.

Roy Acuff, star of screen and radio, will arrive in Pahokee early Wednesday morning for his scheduled performance to be held under the big fireproof tent. Wed. Nov. 20th. Show grounds located at Fair Grounds.

Acuff, who made "The Great Speckled Bird," "Wabash Cannonball" and "Precious Jewels" famous, has in his troupe a total of 10 members, all of whom are from the state of Tennessee with the exception of two.

The tour of "The Grand Ole Opry," of which Acuff is the leader, was started April 15 and before it is completed, will have been featured in 13 states and covered approximately 100,000 miles. The show was booked for a period of three or four weeks in Kansas before moving back to Oklahoma and Texas and down to Florida where the troupe will perform for the winter season.

In his estimation, Acuff's top-notch movie was "Night Train to Memphis."

The leader of the "Smoky Mountain Boys" has been in show business for 16 years, and has appeared in several movies besides his radio programs and broadcasts. Hundreds of recordings have been made by his band and many more are being worked on now.

Fish Fry Is Plan Of C. P. Bible Class

The Canal Point Men's Bible Class of the Methodist Church will sponsor a Father and Son Fish Fry at the home of Frank Wilson at 7:30 P. M. on the night of Thursday November 21. It was planned to have the outing during National Father and Son Week. Nov. 10 but as each night of that week was already filled with some local event, it was decided to move the fish-fry to the following Thursday so that all could attend. Letters are being sent to all boys and fathers in the fellowship of the Canal Point Methodist Church giving the details of the gathering. No speeches are planned... just an evening of fun and comradeship between Dad and Lad. A committee of fishermen headed by Roswell Harrington and D. L. Hooks has promised to catch the fish (or buy them if luck is not so good, it is rumored).

Those men who can attend but do not have sons are requested to get in touch with the minister immediately as there are many fine boys in the community who would like a dad for that night.

Woman's Club To Give New Award

The Pahokee Woman's Club at a business luncheon Tuesday voted to assume as a project the presentation of an annual award to the outstanding student in home economics at the Pahokee High School.

Welcomed as new members of the club were Mrs. W. H. Brewton, Miss Nan Brewton, Mrs. M. I. Keen, Mrs. Frances Moose, Mrs. C. T. Howes, Mrs. W. R. Easterly and Mrs. Frank Friend.

Mrs. Sam McKinstry, Sr., was named chairman of the committee in charge of preparing and printing the club's year book. She will be assisted by Mrs. B. Elliott and Mrs. R. J. Schroder.

A district 10 federation meeting at Vero Beach on Nov. 19 was announced. Mrs. B. Elliott announced that in the interest of her chairmanship of the international relations committee she has become a member of the Federation of Women for World Peace. All members attending the meeting brought gifts for the disabled veterans at the hospital in Lake City.

Mrs. B. Elliott, Mrs. A. E. Morgan and Mrs. Lee Taylor were in charge of luncheon arrangements.

Mr. and Mrs. G. M. Belk had as guests the past week his father, J. W. Belk, of Miami; Frank Belk, Anderson, S. C.; Dr. George W. Belk and Don Belk, Gastonia, N. C.; and Frank Wilkes, Chester, S. C.

This Week's Personality . . .

FRANK SHAUGHNESSY . . . Above is shown the genial Shaughnessy at his desk in the office of the Glades Equipment company in Pahokee. He is the proprietor of this popular concern which handles the International Harvester Line in the Lake Okeechobee Region. It was back in the fall of 1938 that Mr. Shaughnessy came to Pahokee to take over the International dealership after spending 18 years with the Harvester Company, as traveling representative in the southern states. That he has made a complete success of the dealership goes without saying and his friends are numbered by his acquaintances. At present Mr. Shaughnessy is a member of the Pahokee city council, having been elected last spring, for a two-year term. He is a member of the Pahokee Rotary club and one of Pahokee's outstanding contributors to worthy charitable causes. He and Mrs. Shaughnessy have a home on Bacom Point road. Their daughter, Miss Jeanne, recently graduated from the Traphagen School of Fashion in New York and is now employed in Miami as an artist and style creator. A son, Edgar, is teaching in Dallas, Texas.

Religious Census Taken In Canal Point

The Morning Worship service of the Canal Point Methodist Church at 11:00 A. M. will feature a sermon on the theme "A Sure-Fire Way to Be Completely Miserable". The service will be preceded by Sunday School under the direction of N. V. Maxson with a class for everyone, young and old.

The evening service at 7:30 P. M. will open with another group of favorite gospel hymns. The sermon will be the sixth and last in the series of our Christmas

faith as a guide for our living today. The text for this sermon, "You Can Share the Joy of the Lord!" is from Nehemiah 8:10, "... for the joy of the Lord is your strength." This promises to be another outstanding evening of fellowship.

The minister, Rev. William T. Blair, has started a complete religious census of the entire Canal Point community. Starting at the north city limits of Pahokee, he is calling at every home in an effort to determine the church membership or preference, if any, of all people in the area. Where no one is home, a card of explanation

and a census blank will be left with a self-addressed stamped envelope. The census will be carried through Port Mayaca. The aim is to complete the survey before Christmas. It is felt that such a census will be of great help to the church workers of the community in the planning of future work. The findings will be shared freely with the Canal Point Baptist Church and duplicate cards of information for each family will be made by Mr. Blair for the use of the Baptist minister when he arrives. The full cooperation of the community will be greatly appreciated.

The Methodist Youth Fellowship held a picnic and outing north of Port Mayaca on Armistice Day. Over thirty young people attended the outing, including several members of the Pahokee MYF. Transportation was furnished by Elwood Dart, D. L. Hooks, and the minister. Covered dishes were shared by the members and a royal feast was spread at the noon hour after a short observance of the significance of Armistice Day. Games of football, baseball and swimming preceded the lunch. Those attending the outing were Elwood Dart, Carol Snyder, Zella Jones, Jane Hamilton, Sarah Dart, Jimmy and George Rozelle, Charles Hamilton, Billy Jernigan, Max Wilson, Tom Dickson, Mary Ann Howes, Frank and Joann Rosenberg, Patsy Maxson, Julian Snyder, Russell, Benny and Mary Ellen Elms, Myra Cruikshanks, Tinker Christian, Joan Sheppard, Bob Schroder, Margaret Powell, Mary Helen Hooks, James Latham, Barbara Maxwell, Vernell Browning, and Stanley Hooks. The outing was sponsored by Rev. and Mrs. Blair, who had quite as fine a time as the members of the MYF.

SPAGHETTI SUPPER

This Saturday night in Baptist Fellowship Hall of Pahokee, a spaghetti supper will be served to the members and friends of the Young People's Training Union of the church. Mrs. Margaret Wilkinson, Social Vice President and her committee will prepare for forty persons. A program of games will be conducted by Miss Clark Hull, Rev. and Mrs. C. A. Moberg. Mr. James Harry Wilkinson, Jr. is the president. A most cordial invitation is extended to all unaffiliated young people of this area to visit this union which meets Sunday evenings at 6:30, in Fellowship Hall.

HAY RIDE

The Young People's Bible Class of the First Baptist of Pahokee Sunday School conducted a hay ride Armistice Day evening. Mrs. Sheila Mullis, teacher and Mrs. W. Tillis were in charge. Following the ride some twenty engaged in a wiener roast.

Progress Made On New S. S. Building

A capacity congregation greeted the pastor, Rev. C. A. Moberg, last Sunday night in the first of the special sermon teachings on "Rightly Dividing the Word of Truth," First Baptist Church of Pahokee. An over all bird's eye view of the chart six by eighteen feet was presented. This Sunday night the pastor will speak on "Generation, Degeneration and Regeneration," from the dispensational aspect. It is suggested that all attending bring their Bibles and notebooks. The musical family of choir, orchestra and quartet will augment the "Illuminated Cross Meditation Sing."

At the eleven o'clock hour the sermon topic will be commensurate with the occasion. All members of the Sunday School Junior Department will be the honored guests at the preaching service. Mrs. H. L. Speer is the Superintendent. The teachers are Miss Peggy Ann Moberg, substituting for Mrs. A. C. Santo; Mrs. Iva Snyder and the Messrs. C. B. Starling and David Unwin. Mrs. W. M. DuBose is the Secretary. The goal of one hundred in this department with eight classes is the prayer request for the new building soon to house this rapidly growing group. The ladies quartet will sing.

The Sunday School attendance as of last Sunday fell just a few short of the goal of three hundred. This Sunday the story will be one of success, it is hoped. The goal of one hundred in Training Union was achieved last Sunday night. The church is praising God for the many victories enjoyed throughout every phase of activity. Another thirty days should find part of the Sunday School in the new building, thanks to the fine progress.

CHURCH OF CHRIST, SCIENTIST

"MORTALS AND IMMORTALS" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, November 17.

The Golden Text is: "Thou art no more a servant, but a son; and if a son, then an heir of God through Christ" (Galatians 4:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Put not your trust in princes, nor in the

son of man in whom there is no help. His breath goeth forth, he returneth to his earth; in that very day his thoughts perish. Happy is he that hath the God of Jacob for his help, whose hope is in the Lord his God" (Psalms 146: 3-5).

The Lesson-Sermon also includes the following passage from the Christian-Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In the illusion of life that is here to-day and gone to-morrow, man would be wholly mortal, were it not that Love, the divine Science, destroys all error and brings immortality to light" (p. 305: 22-27).

Arch Blakey and his brother, Cohen Blakey of Orlando, have been called to Tulsa, Okla., by the death of their father, F. B. Blakey.

What a gal was "Gilda", and what a gal is Rita Hayworth in that part, with Glenn Ford, George McCready and Joseph Calleia, to aid her in this very charming show that you'll never forget, and which comes to the Prince Theatre for the two day run, this Sunday-Monday.

"Gilda" is a modern story of luxury and love in the years gone by this type of yarn would have been placed against the Cote d'Azur background. Now the background is Argentina and Uruguay, where a gal like the one Rita portrays can get silk stockings without difficulty, and rare mental cloths for evening dresses. It is a honey of a story with a whooping fine cast and a picture that I can recommend to you highly.

Tuesday - Wednesday Danny Kaye, who is winning so many fans daily, and Dinah Shore, personality singing star of many of our finest stage and screen plays in a picture you'll never forget under the title "Up in Arms". There are some of the most beautiful singing numbers in this show, along with gorgeous gals in the "line" to put the dancing and wardrobe wearing touches to this masterpiece.

Thursday-Friday Ginger Rogers will proudly exhibit her new leading man, Pierre Aumont, in their latest picture "Heartbeat" . . . which turns out to be one of the most dramatic and interesting pictures Ginger has been seen in.

The ambassador is captivated with her beauty and cleverness in working. He induces her to go to the embassy with him, she is dressed as a lady, and she picks the pockets of some of the highest ranking officials of other countries, winning much valuable information for her employers. Yep, it's a dandy!

How to Handle a Fortune

Some months ago I reported in the *Clarion* how Mel Bate's uncle died up north, and left him with a tidy fortune.

Naturally, our town was curious to see how Mel would spend it: Traveling around the world... getting a new house or car... wearing fancy clothes... or dining on cold pleasant and champagne...?

We can now report, Mel hasn't changed a bit! Drop in on him any night, and you'll find him in his shirt sleeves by the fire, chatting

with the Missus, sharing a mellow glass of beer with friends.

From where I sit, Mel has learned the art of handling money—as well as handling people. You don't let cash-in-the-bank push you around any more than you let people push you around. If you like the simple, home life; companionship and quiet ways; a glass of beer and friendly talk—that's worth a fortune, after all!
